Care and Maintenance

The car entertainment & navigation systems need to be operated carefully, considering its excellent design and technology.

The following suggestions will help you to fulfill the obligation of warranty terms and conditions.

1.Keep all the parts, accessories of the car entertainment & navigation systems away from the children.

2.Please keep dry. The rainwater, moisture and other kinds of liquid may contain mineral substance, which will corrode the electronic circuits. The soaking or moisture will ruin the components, cause irreparable damage.

3.Do not use or put the headunits in the dusty or smudgy place, which may damage its detachable elements.

4.Keep the headunits away from the extremely hot place. The high temperature will shorten the acceptable life, damage the battery , deform or melt the plastic parts.

5.Keep the headunits away from the extremely cold place. Otherwise the temperature increment may accumulate moisture inside, which will damage the circuit board.

6.Please do not throw, knock or shock the machine with great force, otherwise it may be ruined.

7.Do not attempt to destructuralize the machine, this will damage it, especially to the non-professionals.

8.Do not use the strong chemicals, detergent or strong abluent to wash the machine.

9.Keep away the electromagnetic, radioactive or magnetic equipment when use the machine or store it.

10.When wipe the screen, use the soft and clean cloth, ordinary paper is not recommended.

11.The LCD screen is scraped easily, please use the touch pen when operate. To avoid the damage on the screen, other sharp objects are not recommended.
